

City of Chicago
Department of Planning and Development (DPD)
Small Business Improvement Fund (SBIF)
Program Rules

The City of Chicago's Small Business Improvement Fund ("SBIF," "SBIF Program," "Program") is a tax increment financing ("TIF") program that reimburses building owners or tenants, as applicable, for eligible investments which preserve building stock, improve neighborhood appearance or economic value, and enable businesses to stay in the neighborhood, remain competitive, or expand within certain Chicago TIF districts.

SomerCor 504, Inc. ("SomerCor"), a not-for-profit Certified Development Company, administers the SBIF Program in conjunction with the Chicago Department of Planning and Development ("DPD").

Funding.

- SBIF Program funds are awarded as reimbursement grants to the person or legal entity who incurred the costs of the eligible improvements.
- Each Property can receive the Maximum Program Assistance no more than every three years. "Property" shall mean: (1) a building regardless of whether it has multiple addresses or permanent index numbers ("PINs"); and/or (2) contiguous parcels under Common Ownership, regardless of whether they have multiple addresses or PINs. A building or multiple parcels under Common Ownership shall mean having an ownership interest by the same person or legal entity of 7.5 percent or more. The Property must be located in a Chicago TIF district. Residential properties or residential portions of a mixed-use property are not eligible.
 - The Maximum Program Assistance for an industrial Property is One Hundred Fifty Thousand Dollars (\$150,000).
 - The Maximum Program Assistance for a commercial Property occupied by a single owner or tenant is One Hundred Thousand Dollars (\$100,000).
 - The Maximum Program Assistance for a commercial Property occupied by multiple owners or tenants is Two Hundred Fifty Thousand Dollars (\$250,000), provided that no individual applicant shall receive assistance greater than Fifty Thousand Dollars (\$50,000). If the applicant is the owner of a multi-tenant Property, then the applicant may sign an affidavit requesting that the City of Chicago and SomerCor allow the property to be treated as a Property with a single owner/tenant under these SBIF Program Rules and thereby be considered for the Maximum Program Assistance for a commercial Property occupied by a single owner or tenant.
- Applicants may receive one or more grants up to the Maximum Program Assistance. Once an applicant has received the Maximum Program Assistance, the applicant shall not be eligible to reapply for another Program grant for the same Property until three years from the date on which it receives final payment for the preceding Program grant(s), provided that the applicant has met DPD's guidelines and procedures regarding re-application. Applicants who have received a Program grant for one Property shall not be excluded from applying for a Program grant for another Property.
- The Maximum Program Assistance any Property would be eligible to receive under the Program shall be reduced dollar for dollar by (i) any Direct City Financial Assistance from any other program for the Property within (3) years before the date of the application, (ii) any Direct City Financial Assistance currently being received for such Property, or (iii) any Direct City Financial Assistance that the City has agreed to provide to such Property at any time in the future pursuant to a written contract (except for "gap" financing for the Project that is disclosed at the time the application is first filed). "Direct City

Financial Assistance” shall mean financial assistance directly provided by the City, but shall not include any funds received pursuant to a contract for goods and services, a Delegate Agency Grant Agreement, or the “TIF Works” Program.

- Any application for a commercial Property which is approved for a grant of \$25,000 or greater shall be required to make at least one exterior building improvement at the Property using at least ten percent (10%) of the maximum amount of their approved grant, including but not limited to, façade repair, windows and doors, awnings, and any other exterior improvements eligible under the Program (“Exterior Work Requirement”); provided that, *at the City of Chicago Department of Planning and Development’s (DPD) sole discretion for projects DPD deems significant interior rehabilitation projects (such as work involving building systems or interior “gut rehabs”)*, the Exterior Work Requirement may be waived if the applicant can demonstrate to DPD’s satisfaction that no exterior improvements are needed because improvements have been recently completed or the exterior features of the building have been well-maintained.
- Any funding for a vacant Property will require a minimum sixty percent (60%) lease-up by square footage of the entire Property and one hundred percent (100%) lease-up of the ground floor space with a qualified tenant before Program funds can be awarded to the applicant.

Applicant Types and Eligibility Requirements.

Applicant Types: Property Owners/Owner-occupied Businesses, Tenants, Industrial; Ineligible Businesses; Religious Organizations

- Property owners may apply for a Program grant. Property owners that own and operate a small business at the Property (“owner-occupied small business”) may apply for a Program grant. Property owners do not need to own a business located at the Property to apply for a Program grant, but the Property must be occupied by an eligible small business tenant before the grant funds can be awarded.
- Tenant small business owners that have a lease for the Property but do not have an ownership interest in the Property may apply for a Program grant. Local not-for-profit organizations that provide social services may apply for a Program grant, but applications for not-for-profit social clubs or for not-for-profit organizations that have a national affiliation (for example, American Legion, Salvation Army, or Goodwill) are not eligible.
- Industrial businesses engaged in manufacturing, food processing, wholesaling, or comparable industrial activity in an industrial Property and currently employing a maximum of one hundred (100) full-time equivalent employees may apply for a Program grant. Property owners of industrial businesses currently employing a maximum of one hundred (100) full-time employees may apply for a Program grant.
- Certain business types are not eligible for SBIF Program consideration; businesses which are not eligible include, but may not be limited to: fast-food chain restaurants; national chain businesses (as defined by DPD); not-for-profit social clubs or for not-for-profit organizations that have a national affiliation; branch banks; employment agencies; currency exchanges, pay day loan stores; pawn shops; astrology, palm reading; liquor stores, taverns, night clubs; adult bookstores, massage parlors; hotels or motels; track waging facilities; trailer-storage yards; and junk yards, or any uses that are similar to these business types (“Ineligible Businesses”). Applications made for a Property or a part of a Property occupied by an Ineligible Business will not be accepted.
- Religious organizations that operate a commercial or industrial business may be eligible for a Program grant provided that an authorized officer signs an affidavit stating that the room or space that the SBIF funds will be used to acquire, improve or rehabilitate is not its primary place of worship; (b) SBIF funds will be used only for those portions of the acquisition, improvement or rehabilitation of the premises that are attributable to business activities described in its application; and (c) if in the future it uses the

premises for inherently religious activities it will reimburse the City for the present value of the improvements, in an amount not to exceed the grant of SBIF funds.

Eligibility Requirements.

- **Property Owners:** The eligibility of property owner applicants for the Program is established by Net Worth Requirements and a Liquidity Requirement as described below. The Net Worth Requirements and Liquidity Requirement are cumulative requirements that apply to all individuals that have 7.5 percent or greater ownership interest in the Property.
- **Tenants:** The eligibility of tenant commercial small business owners or not-for-profit organizations that do not have an ownership interest in the Property is established by the Annual Sales Requirements described below. Commercial tenant small business owners or not-for-profit organizations must also have a lease agreement with at least three (3) years remaining for the Property and approval from the Property owner to make specific improvements. The Property owner's eligibility will not be a requirement for the tenant commercial small business owner's eligibility or a not-for-profit organization's eligibility.
- **Owner-occupied:** The eligibility of owner-occupied commercial small business or not-for-profit organization applicants for the Program is established by Net Worth Requirements and a Liquidity Requirement as described below as well as the Annual Sales Requirements described below. The Net Worth Requirements and Liquidity Requirement are cumulative requirements that apply to all individuals that have 7.5 percent or greater ownership interest in the Property; for not-for-profit organization applicants, the Net Worth Requirements and Liquidity Requirement apply to the organization. In addition to the Net Worth Requirements and the Liquidity Requirement, the eligibility of owner-occupied commercial small business or not-for-profit organization applicants is also established by the Annual Sales Requirements described below. In the event that an owner-occupied commercial small business or not-for-profit organization applicant falls within different reimbursement percentage eligibility ranges under the Net Worth Requirements and Annual Sales Requirements, the applicant will be eligible for the lesser of the two reimbursement percentages.
- **Industrial Businesses:** The eligibility of industrial businesses is established by the number of full-time equivalent employees of the business, and in some cases, the Net Worth Requirements and Liquidity Requirement. Industrial businesses currently employing a maximum of one hundred (100) full-time equivalent employees may apply for a Program grant. Property owners of industrial businesses currently employing a maximum of one hundred (100) full-time employees may apply for a Program grant. Industrial businesses that are evaluated in this manner are eligible to receive up to fifty percent (50%) reimbursement of eligible project costs up to the Maximum Program Assistance. The Net Worth Requirements and Liquidity Requirement described below shall only apply to property owners that would otherwise be evaluated for eligibility in this manner but lease any part of the Property to one or more entities in which they do not have an ownership interest.

Net Worth Requirements.

- Under the Net Worth Requirements, the applicant is eligible for reimbursement:
 - up to seventy-five percent (75%) of eligible costs up to the Maximum Program Assistance if the applicant demonstrates a net worth less than \$2,500,000;
 - up to fifty percent (50%) of eligible costs up to the Maximum Program Assistance if the applicant demonstrates a net worth equal to or greater than \$2,500,000, but less than \$4,500,000;
 - up to twenty-five percent (25%) of eligible costs up to the Maximum Program Assistance if the applicant demonstrates a net worth equal to or greater than \$4,500,000, but less than \$6,000,000. If

the applicant demonstrates a net worth of \$6,000,000 or greater, the applicant is not eligible for the Program.

Liquidity Requirement.

- Cumulative liquid assets (for example, cash on hand and marketable securities not held in a retirement account) cannot exceed Five Hundred Thousand Dollars (\$500,000).

Annual Sales Requirements.

- Under the Annual Sales Requirements, the applicant is eligible for reimbursement:
 - up to seventy-five percent (75%) of eligible costs up to the Maximum Program Assistance if the applicant demonstrates average annual sales for the past three (3) years (or a business plan for a new business showing the same level of projected average annual sales for three (3) years) totaling less than \$3,000,000;
 - up to fifty percent (50%) of eligible costs up to the Maximum Program Assistance if the applicant demonstrates average annual sales for the past three (3) years (or a business plan for a new business showing the same level of projected average annual sales for three (3) years) totaling greater than or equal to \$3,000,000, but less than \$4,000,000;
 - up to twenty-five percent (25%) of eligible costs up to the Maximum Program Assistance if the applicant demonstrates average annual sales for the past three (3) years (or a business plan for a new business showing the same level of projected average annual sales for three (3) years) totaling equal to or greater than \$4,000,000, but less than \$5,000,000. If the applicant demonstrates sales of \$5,000,000 or greater, the applicant is not eligible for the Program.

Eligible Costs.

- Any TIF-eligible improvement which permits a building owner to attract new commercial or industrial tenants, allows an eligible business owner to maintain or expand operations, or contributes to the improved appearance and viability of a property may be funded by the Program. This includes, *at DPD's discretion*, funding for the rehabilitation, remodeling, or renovation of improvements including, but not limited to, the following:
 - roof and façade;
 - masonry repairs;
 - HVAC and other mechanical systems;
 - plumbing and electrical work;
 - permanent interior renovations, including fixtures;
 - alterations or structures needed for ADA compliance (e.g., railings or ramps);
 - certain environmental remediation measures;
 - the purchase of adjacent land parcels for purposes of expansion or parking;
 - non-business-specific parts of signs or awnings which are permanently affixed to the building;
 - the cost of an energy audit that recommends measures to improve the energy efficiency of a building may be included as a rehabilitation cost to the extent that the cost of the energy audit does not exceed 10 percent of the project budget.
- The following items are not eligible for reimbursement, and therefore will not be counted toward the total project cost (this is not an exhaustive list):
 - new construction (new buildings; vertical additions; addition to a building's footprint; work to buildings that were constructed fewer than three years before application);

- any expenses for work that has started or for any construction (even if work has not started) or land purchase costs that are incurred before approval of a conditional commitment letter by DPD; projects completed outside of the formal grant process;
 - minor repairs or improvements such as painting or cleaning as standalone projects;
 - equipment-related expenses;
 - planters surrounding or affixed to buildings; private property landscaping
 - perimeter security fencing;
 - work on the interior of residential units and
 - work, *in DPD's sole determination*, that is not consistent with the goals of this Program or the redevelopment priorities of the relevant TIF area, including projects that do not conform with the uses and goals defined in the governing Redevelopment Plan for the relevant TIF area.
- In order to receive funding, projects must conform to minimum design requirements. In addition, projects will be encouraged to meet design goals and guidelines. Applicants are strongly advised to consult with SomerCor on design requirements and guidelines before drawing up plans for work. Plans must be submitted to SomerCor for design approval prior to beginning construction, or the project will be automatically disqualified.
 - All industrial applicants shall be required to purchase products that earn the Energy Star (or equivalent rating) and meet the Energy Star specifications (or equivalent specifications) for energy efficiency. The applicant is encouraged to visit energystar.gov for complete product specifications and updated lists of qualifying products.

Application Process and Time Limits.

Applying for a SBIF Grant.

- When funding is available for new projects (either from a new grant budget passed by City Council or from the balance of funding associated with a previous budget that was not entirely awarded) in a particular TIF district area, the Program opens an application acceptance period for a thirty (30) day timeframe in which interested parties located within that district must submit an application for the grant. Applications may be submitted via e-mail, fax, mail/courier service, or hand delivery – contact, fax, and mailing information can be found below. All applications must be received by SomerCor 504, Inc. by 5:00 p.m. Central Time on the application acceptance period “close” deadline date. SomerCor cannot accept an application for a property that is not located in a Chicago TIF district. SomerCor cannot accept an application for a property that in a Chicago TIF district that does not have a currently-open application acceptance period.

Lottery Process.

- Once the application acceptance period ends, applicants are selected by lottery if funding requests exceed the available supply of grant funds; a waiting-list will be created, if needed. Any waiting list created shall expire two (2) years after the date of its creation. Any applicants placed on the waiting-list shall remain on the list until the waiting-list expires, they receive a grant, withdraw from the waiting-list, or are otherwise determined to no longer be eligible under the Program to receive a grant.
- Following the application acceptance period and lottery (if a lottery is needed), applicants will be contacted about their standing. If an application is to be placed on a waiting-list, the applicant will be informed. If the application is to be actively considered for funding, the applicant will be informed that the application is in Stage One of the grant process and provided with direction about documentation that will be required to advance the application to the next stage.

Time Limits.

- Following the application acceptance period and the lottery, applications that are actively considered for funding must complete three stages of the grant process as well as satisfying a proof of project financing deadline requirement before the reimbursement can be awarded. Each stage has a time limit by which it must be completed. Applicants who do not complete each stage within that limit will be disqualified. Applicants that do not demonstrate sufficient proof of project financing by the deadline for doing so will be disqualified.
 - **Stage One (Applicant Eligibility Review):** Applicant supplies any missing information requested by SomerCor to complete their application and establish the eligibility of their application as previously defined in the “Applicant Types and Eligibility Requirements” section of these Program Rules: twenty (20) days. Upon satisfactory completion of Stage One, the application will proceed to Stage Two.
 - **Stage Two (Project Eligibility Review):** Plans, bids, and specs are obtained and submitted by the applicant, City of Chicago debts are cleared, “before construction” site visit completed: one hundred twenty (120) days. Upon satisfactory completion of Stage Two, SomerCor will recommend that DPD issue a conditional commitment letter expressing SBIF grant conditional approval for eligible costs and permission to start construction or purchase land related to those eligible costs. The application will proceed to Stage Three once DPD approves the issuance of a conditional commitment letter. ANY WORK COMPLETED, LAND PURCHASED, OR CONSTRUCTION COSTS INCURRED PRIOR TO DPD APPROVAL AND ISSUANCE OF A CONDITIONAL COMMITMENT LETTER WILL NOT BE CONSIDERED FOR REIMBURSEMENT.
 - **Stage Three (Project/Construction Execution):** Construction is completed or land is purchased by the applicant, all conditions of the conditional commitment letter are satisfied, City of Chicago debts are cleared, “after construction” site visit completed: ten (10) months from the issuance of a conditional commitment letter from DPD.
 - **Proof of Project Financing Requirement:** Applicant provides evidence to the satisfaction of DPD within one hundred twenty (120) days following the date of the commitment letter that it has sufficient funds to complete the approved project. Such evidence may include, but is not limited to, a letter of interest or commitment from a financial institution for a loan or line of credit or bank statements that demonstrate that the applicant currently has sufficient equity to complete the project.
- A maximum of two (2) extensions may be granted with DPD approval in the case of an unavoidable delay due to extraordinary circumstances only. If a second extension is granted, it shall be limited to a maximum of 45 days, unless the delay is caused by the City. In such case, DPD shall have discretion to determine the appropriate length of the extension.
- Once construction is complete, all conditions of the conditional commitment letter are satisfied, all construction project costs are paid, all payment documentation for these costs is submitted to SomerCor, City of Chicago debt is cleared, and a closing site visit is complete, it generally takes four-to-six weeks to receive the grant reimbursement.

Compliance.

- Checks will be performed on all applicants prior to funding (before funding approval and before reimbursement can be made) to ensure that they are not indebted to the City of Chicago and that they are in compliance with child support laws. Each applicant will sign an Economic Disclosure Statement and Affidavit (“EDS”). More than one EDS may be required depending on the nature of the applicant’s organization or control of the business and/or Property.
- Grantees will be required to sign an affidavit certifying that they will not relocate out of the TIF district, sell the Property (if applicable), or sell the business within a three (3) year period following disbursement of funds under the Program. This will be monitored.

- In cases of SBIF reimbursement for land purchase, proof of land ownership will be required before reimbursement may be made.

Technical Assistance and Minority/Women-Owned Businesses (M/WBE).

- Grantees will have access to technical assistance to aid them in selecting contractors and obtaining sufficient bid/proposal information.
- A directory of City of Chicago certified M/WBE contractors will be provided to all eligible applicants to encourage the hiring of such contractors under the Program.

SomerCor 504, Inc. SBIF Contact and Mailing Information.

Applicants are encouraged to contact the SBIF Team with questions about the SBIF Program.

SBIF Team Member:	Phone:	E-mail:
Silvia Orozco (hablo español)	(312) 360-3334	sorozco@somercor.com
